# COMPANY PROFILE

Fido Pharma Private Limited specializes in delivering APIs, Enzyme Solutions, Nutraceuticals and Probiotics for a wide range of applications across the Biopharmaceutical, Fine Chemicals, Food & Feed and Cosmetics industries.

With an extensive portfolio of 25+ Active Pharmaceutical Ingredients, 6+ Enzymes, 8+ Nutraceuticals, 50+ Probiotic Strains and 180+ Probiotic Blends, FIDO PHARMA PRIVATE LIMITED is committed to delivering innovation, quality and customized formulations that empower our customers to achieve success.

As an application-driven organization, we believe in building strong partnerships by understanding unique customer requirements and offering tailored, high-performance solutions that add real value to their products and businesses.

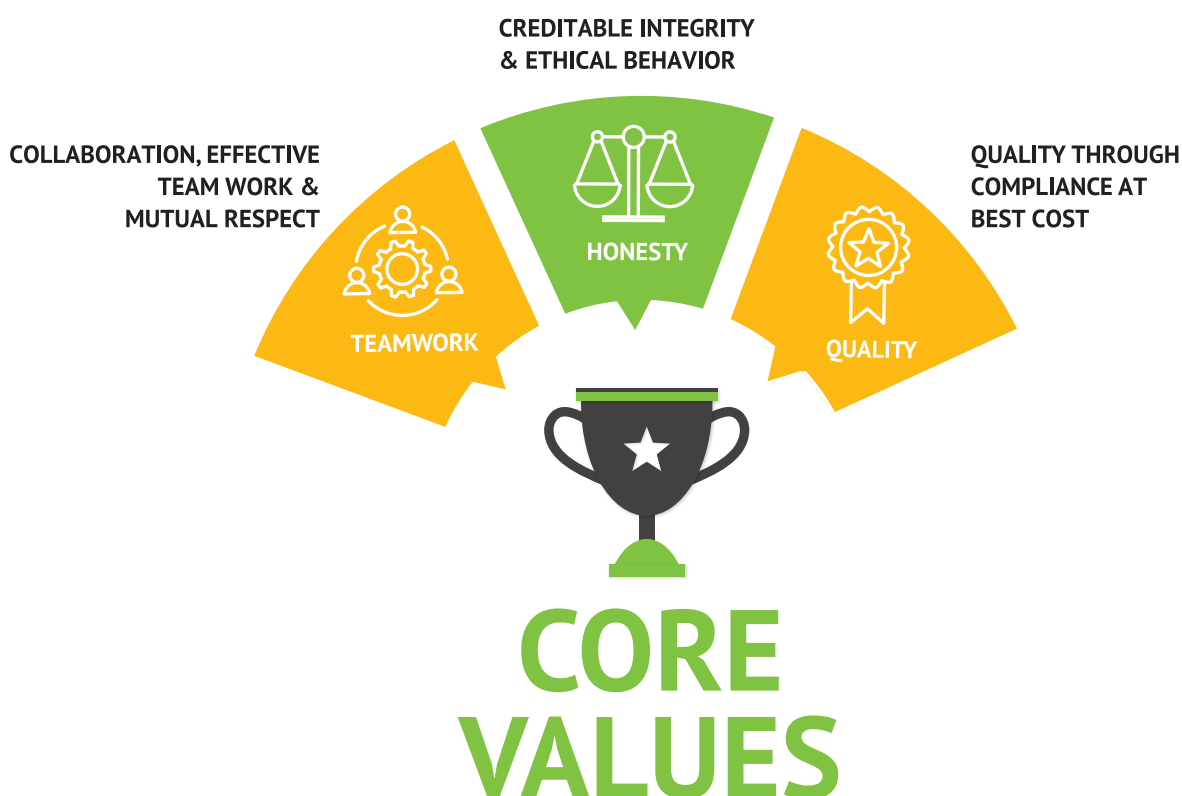

## OUR MISSION

At Fido Pharma Private Limited, our mission is to manufacture and supply premium-quality APIs, Enzymes, Nutraceuticals, Probiotics, and Probiotic Blends at affordable prices. We strive to achieve complete customer satisfaction through a strong commitment to quality, innovation, and continuous improvement. Supported by state-of-the-art R&D facilities and a team of skilled professionals, we aim to develop products that meet global standards and deliver exceptional value to our customers.

## OUR VISION

Our vision is to become a globally trusted and respected name in the life sciences, nutraceutical, and probiotic industries. We are dedicated to fostering sustainable growth through responsible manufacturing practices, technological advancement, and strategic collaborations.

By consistently delivering innovative and reliable solutions, we aspire to enhance global health, well-being, and customer success in every market we serve.

# ACTIVE PHARMACEUTICAL INGREDIENT (API)

Brand Name	Product Name	Grade
1. PEPTONINE <sup>®</sup>	Serratiopeptidase Powder	IP
2. PEPTONINE <sup>®</sup>	Serratiopeptidase EC Granules	IH
3. GLUTONINE <sup>®</sup>	L-Glutathione Reduced	USP
4. INOSNINE <sup>®</sup>	Myo-Inositol	IP, USP
5. DICRONINE <sup>®</sup>	D-Chiro Inositol	IH, USP
6. TREPTONINE <sup>®</sup>	Trypsin	BP, USP
7. CRYPTONINE <sup>®</sup>	Trypsin Chymotrypsin 6:1	IH
8. EVINOGEN <sup>®</sup>	N-Acetyl L-Cysteine	USP, BP
9. UDONINE <sup>®</sup>	Ursodeoxycholic Acid (UDCA)	IP
10. SODIONINE <sup>®</sup>	Sodium Hyaluronate	BP
11. CHONDONINE <sup>®</sup>	Chondroitin Sulphate Sodium	USP, EP
12. HYLONINE <sup>®</sup>	Hyaluronic Acid	BP, IH
13. SAMONINE <sup>®</sup>	S-Adenosyl L-Methionine Disulfate Tosylate (SAME)	IH, USP
14.	L-Carnitine	USP
15.	L-Histidine Hydrochloride Monohydrate	USP, BP
16.	Lactobacillus Acidophilus	USP
17.	Bromelain	USP
18.	L-Arginine	USP
19.	L-Carnitine L-Tartrate (LCLT)	IH
20.	Pepsin	IP
21.	L-Tryptophan	IP
22.	Vitamin B2	IP
23.	Alpha Lipoic Acid	IP, USP
24.	Ubidecarenone Coenzyme Q10	USP
25.	Pancreatin	IP, USP
26.	Folic Acid	IP, USP
27.	Rutoside Trihydrate	BP, IH
28.	Voglibose	IP, IH
29.	L-Methylfolate Calcium	IH
30.	Pyridoxal-5- Phosphate (P5P)	IH

# ENZYMES

Enzymes are large biomolecules required for the numerous chemical interconversions that sustain life. They are highly efficient and selective biocatalysts. Enzymes typically binds a substrate in a well confined binding pocket which stabilizes the intermediate state that the substrate has to assume during its conversion into the product of the enzymatic reaction.

Product Name	Appearance	Assay	Image
1. Bromelain	Off white to light brown color powder	NLT 1200 GDU, NLT 2400 GDU	
2. Trypsin Chymotrypsin 6:1	A white to almost white powder	NLT 2800 units/mg	
3. Trypsin	A white to almost white crystalline powder	NLT 0.5 $\mu$ katal/mg	
4. Serratiopeptidase Powder	A greyish white to pale brown color powder	NLT 2000 IU/mg	
5. Serratiopeptidase EC Granules	A greyish white to pale brown color granules with characteristic odor	NLT 2000 IU/mg	
6. Alpha Galactosidase	White to off white color powder	up to 50000 $\mu$ /gm/1000 GALU/2000 GALU	
7. Pancreatin	White to off white color powder	(1) Protease NLT 100 U/mg (2) Amylase NLT 100 U/mg (3) Lipase NLT 20 U/mg	
8. Beta Glucan	Off white to brown color powder	NLT 70.0%	

# PROBIOTICS STRAINS

Probiotics are live microorganisms that provide health benefits when consumed, generally by improving and restoring the gut flora and are considered to be safe to consume. Probiotics are the natural, safe and effective approach to restore the intestinal microbiota. They play an essential role in maintaining immune and digestive system. They can be consumed as supplement or as an aid in the treatment of numerous health conditions which are caused due to disturbed or depleted gut bacteria.

<i>Lactocaseibacillus rhamnosus</i> (MTCC-25742)	<i>Lactobacillus sporogenes</i> (FPPL-109021)	<i>Lactobacillus lactis</i> (FPPL-109041)

<i>Lactobacillus diolivorans</i> (FPPL-109020)	<i>Saccharomyces boulardii</i> (MTCC-25844)	

# PROBIOTIC BLENDS

We specialize in developing pre-probiotic blends with customizable compositions tailored to specific functional applications.

1	
<b>Each 1 gram contains</b>	
Streptococcus faecalis (FPPL-109042)	0.083 Billion CFU
Clostridium butyricum (FPPL-109035)	
Bacillus mesentericus (FPPL-109043)	
Lactobacillus sporogenes (FPPL-109021)	

2	
<b>Each 280 mg contains</b>	
Lactobacillus acidophilus (FPPL-109010)	2.5 Billion CFU
Lacticaseibacillus rhamnosus (MTCC- 25742)	
Bifidobacterium longum (FPPL-109023)	
Bifidobacterium bifidum (FPPL-109026)	
Streptococcus thermophilus (FPPL-109025)	
Saccharomyces boulardii (MTCC- 25844)	
Fructo-oligosaccharides	NLT 100 mg

3	
<b>Each 280 mg contains</b>	
Lactobacillus acidophilus (FPPL-109010)	15 Billion CFU
Lactobacillus sporogenes (FPPL-109021)	
Bifidobacterium longum (FPPL-109023)	
Streptococcus thermophilus (FPPL-109025)	
Fructo-oligosaccharides	NLT 100 mg

4	
<b>Each 200 mg contains</b>	
Lactobacillus acidophilus (FPPL-109010)	NLT 5 Billion CFU
Lactiplantibacillus plantarum (MTCC-25935)	
Lacticaseibacillus rhamnosus (MTCC- 25742)	
Lacticaseibacillus casei (FPPL-109003)	
Bifidobacterium breve (FPPL-109028)	
Bifidobacterium longum (FPPL-109023)	
Bifidobacterium infantis (FPPL-109024)	
Streptococcus thermophilus (FPPL-109025)	
Saccharomyces boulardii (MTCC-25844)	NLT 100 mg
Fructo-oligosaccharides	

5	
<b>Each 500 mg contains</b>	
Lactobacillus acidophilus (FPPL-109010)	NLT 10 Billion CFU
Lacticaseibacillus rhamnosus (MTCC-25742)	
Limosilactobacillus reuteri (FPPL-109004)	
Lactiplantibacillus plantarum (MTCC-25935)	
Lacticaseibacillus casei (FPPL-109003)	
Limosilactobacillus fermentum (MTCC-25933)	
Bifidobacterium bifidum (FPPL-109026)	
Fructo-oligosaccharides	

# MANUFACTURING CAPABILITIES

FIDO PHARMA PRIVATE LIMITED is an ISO 9001:2015, GMP, GLP, HACCP Certified company having its manufacturing unit in Panchkula Haryana.

Our plant is constructed with state of art facilities to meet international standards in products quality & environmental protection.

Our manufacturing set up is GMP Compliant and quality is ensured at all levels from inventory to delivery of products.
